- **22 nCare medical recorders** integrated with **VaultStream Medical Content Management** in **19 ORs** and **2 surgical ENT rooms**
- **Developmental partnership** with the aim of enhancing and customising solutions

## Our Partnership with Oslo University Hospital

“ We like the **standardisation of the procedure** and that **bookmarks can be made stepwise**. Residents can easily **bookmark specific parts** and later compare these steps with previous procedures, for a **shorter and rapid learning curve** and to become more confident. In the end to ensure the safety of the patient, which is the main goal. ”

**Dag Tidemann Førlund**

Chief Surgeon Oslo University Hospital HF
